Unclassified

Good afternoon,

Thanks for reaching out to coordinate our staffing and deployment. I have included by S/Sgt Julie Mann and S/Sgt Marty Groulx on this email. They are working in our Service Command Centre, working with the planning, staffing and allocation of resources. They will be the best people to coordinate with on the logistical side. Once they are on the ground in the main footprint, we have operational oversight facilitated through NCRCC.

If I can be of further assistance, please let me know.

Russell

> Hello Inspector Russell,
>
> As requested here is the information you asked for:
> The City of Ottawa has requested peace officer resources to assist the Ottawa Police Services with this incident.

The RCMP has establish C2 Command as a command structure for a contingent of RCMP officers that will assist the OPS in their mandate.
Insp. Dave Falls is the OPS/IC and he will be working out of the NCRCC.
We would like to establish communication guidelines with your service to better serve your mission and effective coordination of our assets.
Currently we are manning nine (9) static posts and in addition we were asked to provide a Quick Response Team component.
The goal is to have our commander talk and liaise with each other whether it be on site or at the NCRCC.

If you are not the right contact for this ask, may we ask you to direct us to the proper person.

Thanks you
